2023 NEW PRODUCTS

NEW VERACITY PH

Page 8

Years of development and pushing the limits of what is possible in a rifle optic has led up to this moment. Introducing the VeracityPH from Burris, the perfect combination of reliability, quality, and technology delivering the fastest and most precise aiming solution in a hunting optic, ever. Dial to distance with confidence and let Burris do the math.

PĒK
Programmable
Elevation Knob

Featuring the new Burris PĒK (Programmable Elevation Knob) System the Veracity PH takes speed and precision to the highest level.

NEW SIGNATURE LRF 2000

Page 24

The perfect companion for your Burris rifle scope, the Signature LRF 2000 redefines speed in a rangefinder. Quickly range targets from 5 to 2400 yards using, sport, hunting, or auto range modes, or scan the field with instant ranging using scan mode. 7x magnification and HD glass makes finding targets easy.

NEW SIGNATURE LRF 10X42MM

Page 25

Well known for integrating powerful rangefinders into optics, Burris introduces the Signature 10x42 LRF binocular for fast and precise ranging from 5 to 2600 yards. Ultrasharp HD glass and an easy-to-read display offer comfortable glassing and blazing fast ranging for both hunters and shooters.

Burris

BURRISCONNECT

MOBILE APP

A ballistics powerhouse at your fingertips, the BurrisConnect app was built to be the solution for operating the Veracity PH, sharing media from Burris Thermal and the go to ballistics tool for hunting and shooting enthusiasts.

Ever evolving, BurrisConnect offers the latest in bullet data to build dope cards, reticle maps, Eliminator data tables, and custom rifle profiles.

Download BurrisConnect and you will have a Dowload BurrisConnect and you will have a Dowload BurrisConnect.

BULLET LIBRARY

Ballistics really begin with your bullet. The better the bullet info, the better your results. The Burris Ballistic Services tools are centered around the best bullet and cartridge libraries in the business: almost 7,000 different cartridges and bullets are included from nearly every manufacturer.

DOPE CARD

The Dope Card tool was designed with the serious shooter in mind, but it's also a great way for anyone to learn more about long-range shooting. The Burris Dope Card tool provides a level of detail that goes beyond the vast majority of ballistic tools available now.

ELIMINATOR LASER RIFLESCOPE

The Eliminator LaserScope requires basic programming to work correctly. Using our industry-leading bullet library and ballistic engine, you can now quickly get the ballistic information needed to program your Eliminator scope.

CUSTOM SERVICES AND TECHNICAL HELP

The Burris Custom Shop can help you upgrade the knobs and reticles on many of our riflescopes. Prices will vary depending upon the model and upgrade desired. Here are some approximate costs:

- Knob upgrades start at \$40
- Custom MAD knobs start at \$50
- Reticle changes start at \$60

For specific costs and ordering, call the Technical Support line at **888-440-0244**.

M.A.D. SYSTEM

The Modular Adjustment Dial (M.A.D.) System lets you choose from exposed competition-style knobs or capped knobs for windage and elevation adjustments.

You can also add custom knobs with laser-etched markings that perfectly match the trajectory of any ammunition.

The following configurations are possible in the M.A.D. System:

- Capped knobs with Mil or MOA markings
- Exposed knobs with Mil or MOA markings
- Capped knobs with custom trajectory markings
- Exposed knobs with custom trajectory markings

Shooters will be able to order custom knobs through Burris Customer Service at <https://ballistics.burrisoptics.com/>

CUSTOM KNOBS

Burris now offers custom knobs for most of our riflescopes. This function allows you to modify the elevation knob to match your exact cartridge and environmental shooting conditions.

The following list of Burris riflescopes can accept custom knobs and options can be ordered using the Custom Knob tool:

TRUST US WITH YOUR HUNT

Finding corners of the world still devoid of a cell signal. The relationships solidified while hanging a trophy in camp. The laughter around the campfire as the last flame hangs on. Those familiar with Burris know well what matters. It's about self-reliance. Respect for the game and those you hunt beside. Pushing yourself season after season to be your absolute best. For more than 40 years we've been right there with you, pushing ourselves for the same reasons: we know exactly how much the season means to us, and that's why you can forever trust your hunt to Burris.

Burris

THE LEADER IN LASERSIGHT TECHNOLOGY

Burris Eliminator — the original laser rangefinding scope and still the best in its class. Compared to similar scopes, it's simple and easy to use. There are no apps to download, or additional gear to fumble with. You'll never miss a shot. Just find your target, range and shoot. The new Eliminator IV offers more performance with extended range and enhanced ballistic software.

THE NEXT GENERATION OF THE BURRIS ELIMINATOR

The new **Eliminator IV** significantly extends the range and accuracy of your favorite rifle. With ranging capability out to 2,000 yards, it greatly increases the distance at which you can make an ethical shot. A new onboard ballistics calculator offers more data and faster aiming solutions. Bluetooth laser activation has been added to make it easy to range your target. With a trophy in sight, there's no need to fumble with smart phones and hand-held range finders. Just aim, range and shoot. It's that simple.

Bluetooth Remote

WINDAGE COMPENSATION In addition to distance, the scope's digital display will show a 10 mph Wind Value for your specific cartridge at the indicated range to your target.

shooter holds 1.7 dots into the wind

FOUR TOOLS IN ONE ADVANCED OPTIC!

Precision
Optic

Digital
Inclinometer

Smart
Dope Card

Laser
Range Finder

The Burris Eliminator family of riflescopes are unlike any other scope. Combining four tools into one advanced optic. Eliminating problems, so you can focus on the shot.

- **Precision Optic.** All lenses are fully multi-coated for sharp, crisp, edge-to-edge clarity
- **Digital Inclinometer.** An internal inclinometer delivers a precise aiming point for angled shots up to 45°
- **Smart Dope Card.** Simply program your cartridge and load into the Eliminator. The precise holdover is automatically determined
- **Laser Range Finder.** The built-in laser rangefinder will instantly determine the distance to your target out to 2,000 yards

Burris ELIMINATOR™ RIFLESCOPES

AIM WITH CONFIDENCE

The Oracle X and Oracle 2 are built on a decade of experience with rangefinding optics like the Eliminator Laserscope. At the push of a button the Oracle X and Oracle 2 instantly display the distance to your target and provide the perfect aiming point for your exact set up.

Burris

Burris ORACLE 2™

BOW SIGHT

★★★★★
FOREVER WARRANTY
★ NO QUESTIONS ASKED ★

The Oracle 2 improves our original Oracle design with user requested upgrades and enhancements! Eliminate guessing distance with this improved rangefinding bow sight that gives a precise distance to the target at full draw. No more aiming between pins – the Oracle 2 instantly calculates and displays the exact aiming point for the distance and shot angle.

ORACLE 2 RANGEFINDING BOW SIGHT

ITEM NUMBERS:
300401

- Improved accuracy, easier to set up and sight in.
- Works for right- and left-handed shooters.
- Fixed 20-yard pin dead battery fail safe.
- Program up to two different arrows.
- Improved auto-bright detection for LED pins.
- Improved manual brightness control.
- Rugged, all aluminum construction.
- Enhanced Water Resistance.

HOW IT WORKS

- 1 Sight in at 20 yards plus two farther distances and the Oracle 2 learns your arrow's entire trajectory curve.
- 2 Sight in up to 2 additional distances (optional) for extreme long range accuracy.
- 3 The rangefinder measures the exact distance to your target while at full draw.
- 4 It instantly calculates the exact trajectory for the distance and shot angle.
- 5 The sight displays a bright, LED pin at the exact aiming point for your shot.

Item	Description
410355	SpeedBead Mount Riser – 1/8 in.
410356	SpeedBead Mount Riser – 1/4 in.

Windage and elevation adjustments let you fine-tune your aiming point to the center of your shot pattern.

SpeedBead mount installs between the buttstock and receiver; works with any shim kit.

SpeedBead mount aligns the red dot lower than any other optic on the market for accurate and instinctive shooting.

WHEN THERE'S FAR TOO MUCH ON THE LINE

Whether it's in the face of a threat or in heated competition, no tolerance exists for failure. There's far too much on the line, and that requires unfailing certainty and faith that your optics will help you perform and prevail when it's go time. Knowing you—and we—have done everything in our power to help that shot find its mark is what matters above all, and that starts with the name you'll see right there on your scope.

That name is Burris.

Burris

XTR PRO™

RIFLESCOPES

Our best competition riflescope ever, the XTR Pro once again raises the bar. Designed and manufactured in Greeley, Colorado, this next-generation long-range competition optic puts you on target at extreme ranges with innovation only Burris can provide. Outpace the competition with exclusive features including the Burris Race Dial and new Tool-less Zero Click Stop Elevation Knob, and achieve better accuracy with three reticle options and best-in-class optical clarity.

Tool-less Zero Click Stop Elevation Knob

XTR PRO™ 5.5-30x56mm

ITEM NUMBERS:
300621

- **Tool-less Zero Click Stop Elevation Knob:** Allows the shooter to quickly and easily adjust the zero-click stop without any tools
- **The Burris Race Dial:** Elevation turret features a "whiteboard" style coating. Using a wet or dry erase marker, shooters can mark each target's click value on a given stage
- At 30x this new optical system provides greater depth of field, sharper images, better resolution, and a larger eye box than competitive scopes

Proudly designed,
machined
and assembled in the
USA.
